Porch Planning Worksheet

1 square : 1 foot | See Page 2 for Blank Grid

SCREENING SYSTEM EXAMPLE

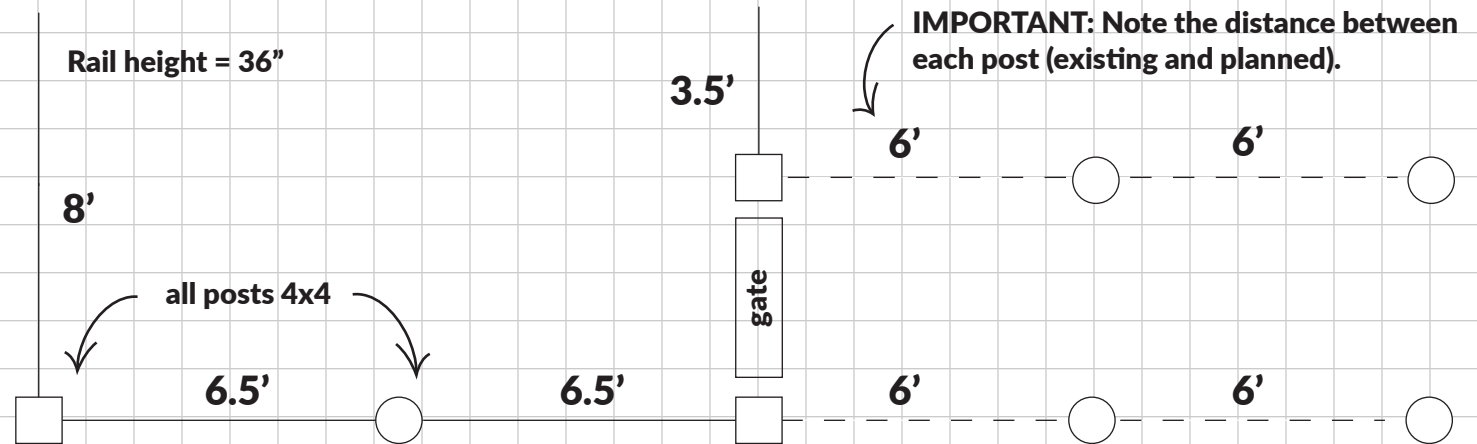

Sketch an elevation of each side of your porch. Note the horizontals and verticals. How many verticals are above the rail? How many are below?
 Note posts and rail sizes — 4x4 or 2x4. Depending on your screening system of choice, the exact materials and components will vary.

PORCH RAILING EXAMPLE

USE THIS KEY TO SKETCH OUT YOUR PLAN

- Straight Rail
- - - Stair Rail
- Anchored Posts
- Full Height or Load-bearing post
